

The National Registrar of the Wood Energy Technical Training Program

Stove Builder International (SBI) Training Bursary

Terms of Reference

WETT Inc. and SBI International are pleased to announce a training bursary in support of family members of currently or recently WETT-certified professionals. In an effort to reward and support the continuance of family engagement in the wood-burning industry, SBI has generously agreed to fund a bursary program that annually funds tuition for an individual seeking certification under the WETT training program.

WHAT DOES THE BURSARY CONSIST OF?

The purpose of this bursary is to provide financial assistance to a person seeking WETT certification as an installer, system advisor or sweep following the WETT path to certification.

The recipient will have the course fees waived for:

- The Code Compliance course,
- The Wood-burning Systems course, and
- The SITE Inspection course.

Please consult the [WETT Paths to Certification](#) for complete details on the process of seeking WETT certification. The recipient will still be responsible for travel, accommodations and any other expenses s/he may incur related to attending the training courses. All three courses must be taken within the first year of being awarded. The bursary is not transferable and has no cash value.

WHO IS ELIGIBLE?

Eligibility is open to applicants seeking WETT certification who are Canadian citizens, reside in Canada and are family members of currently or recently WETT-certified (within the last five years) professionals.

In cases where a family member of a WETT Director or committee member applies for this bursary, the Director or committee member will declare a conflict of interest and not partake in the voting and selection process.
